To Our Patrons:

Thank you for supporting our creative endeavors. Without people who appreciate art, we would have to close our doors. The Depot Gallery will be hosting several new exhibitions this year. We have designed these in mind to bring original, affordable art to you. Visit us often and enjoy the beauty of creativity!

To Our Members:

As we experience autumn and the coming of winter, we see the trees shed their beautiful leaves and prepare for dormancy. That's when the oaks drop their acorns, tiny reminders of real potential. They need fertile ground and time before roots appear and growth occurs. As artists, we live a creative life, a life that

requires inspiration as well as activity. The acorn is a good reminder of the need for replenishment of mind as well as quiet time for creative evolution.

The spirit requires nourishment, as all living things do. Going for walks, turning off the tv and phone, exercising, learning a new skill, and going to art exhibits are some ways that we can replenish our spirits.

Fall is a time of letting go of the past and preparing for the future. Make time for yourself, for creating a storehouse of ideas ready for new artworks not yet born.
